

Dorset Road and Castlerock Road Works

Community Update No 9
July 2026

MACH Energy Australia (MACH) owns and operates the Mount Pleasant Operation located approximately 3km north-west of Muswellbrook.

This Community Update is to inform you of the current activities for the Dorset Road and Castlerock Road project.

Project Timeline:

MACHEnergy

Mount Pleasant Operation

The Castlerock Road new alignment works are progressing well against the project schedule.

The existing Dorset Road intersection has been completed with final pavement layer placed.

The new road finishing works are occurring over the coming weeks with sealing, guardrail and line marking.

The Castlerock Road new alignment will be completed late July (weather permitting) and opened to traffic.

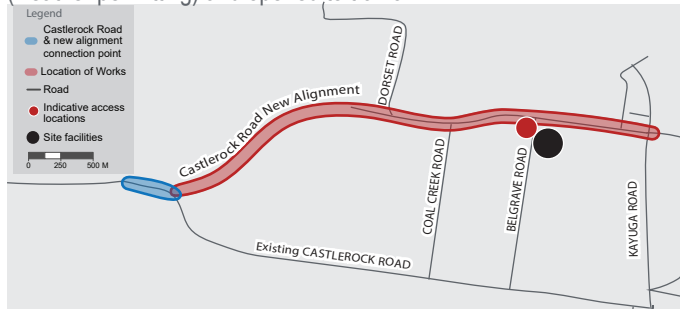

FIGURE 1 - General arrangement Dorset Road and Castlerock Road works.

Standard Work Hours:

- 7:00am to 6:00pm Monday to Friday and 7:00am to 5:00pm Saturdays.
Weekend hours may vary based on project requirements.

For further information:

COMMUNITY HOTLINE: 1800 886 889 EMAIL: info@machenergy.com.au

Current period works include:

- Permanent pavement construction on Dorset Road and the new road.
- Guardrail, sealing and line marking
- Roadworks and safety improvements on the western portion of Castlerock Road.

During the construction period:

- Traffic management controls will be in place and road users may experience some delays.
- We ask the public to be patient during this period, drive with caution and obey all traffic control measures and signage.
